Objective

A detail-oriented and hardworking student pursuing an internship in software development. I'm particularly interested in getting real-world experience with back-end development.

Education

Marist College
Bachelor of Science in Computer Science

Poughkeepsie, NY
Expected May 2022

- GPA: 3.64/4.00 (Dean's List)
- Concentration in software development

Work Experience

Saratoga Race Track
Busser

Saratoga, NY
June 2019 - August 2020

- Worked in a fast paced environment to make sure assignments were done in a timely manner.
- Communicate effectively with customers to deliver essentials to them.

Delmonico's
Busser

Clifton Park, NY
January 2018 - January 2020

- I Trained new employees to stock shelves in an organized way,
- Pull inventory from the back and stock shelves.
- Communicate effectively with wait staff and cooks to satisfy the customers.
- Worked in a fast paced environment to lower the wait time for customers.

Relevant Coursework And Projects

Coursework

- Studied internets, networks, protocols, and internet security.
- Created UML and Data Flow diagrams for a library system in class
- Developed basic programs in Java to learn techniques such as recursion, Object-oriented programming, queues, stacks and File manipulation.
- Used Flask to help develop a website.

Projects

- I built a tic-tac-toe game to play with 2 people using matrices to fulfill the board.
