OBJECTIVE

A detail-oriented and hardworking student pursuing an internship in software development. I'm particularly interested in getting real-world experience with back-end development.

EDUCATION

Marist College,
Bachelor of Science in Computer Science

Poughkeepsie, NY
Expected May 2022

- GPA:3.64/4.00(Dean's List)
- Concentration in software development

SKILLS

Technical Skills Python, Java, SQL, HTML, UML Diagrams

Soft Skills Communcation, Time management, Problem-solving, Analysis, Professionalism, Integrity

WORK EXPERIENCE

Saratoga Race Track
Busser

Saratoga, NY
June 2019 - August 2020

- Fulfilled customers needs by continuously going to their tables and cleaned up dishes

Delmonico's Italian Steakhouse
Busser

Clifton Park, NY
January 2018 - January 2020

- I trained new employees by teaching them to stock shelves in an organized way which made the process of pulling and stocking inventory easier for the job.
- Communicated effectively with the wait staff and cooks by talking over a headset and in return made everyday operations faster such as lowering the wait time for customers
- Worked in a fast paced environment to lower the wait time for customers.

PROJECTS

Tic-tac-toe Built a tic-tac-toe game in python by using matrices to support the board by gathering input from the client and substituting answers to the matrices.

COURSEWORK

Software Development

- Developed basic programs in Java to learn techniques such as recursion, object-oriented programming, queues, stacks, and file manipulation.
- Programmed in Flask and HTML to create a basic website with a login system

Data Communications

- Studied internets, networks, protocols, and Internet security

System analysis and design

- Studied the system design life cycle and implemented diagrams, such as unified modeling language, entity-relationship and Data flow diagrams with the design of a library system
